

SDG 4 — QUALITY EDUCATION

LEARN MOSAIC

AI-Powered Personalized Learning

THE PROBLEM

Learning is broken for most students

01

One-size-fits-all

Traditional education delivers the same content to everyone, ignoring individual learning styles, pace, and interests.

02

No progress visibility

Students can't see how far they've come or what milestones they've achieved, leading to disengagement.

03

Resource overwhelm

Too many courses, too little guidance. Students don't know where to start or what to learn next.

OUR SOLUTION

LearnMosaic: Your AI Learning Companion

1

Personalized Onboarding

Tell us your goals, interests, and timeframe. We create a custom learning path.

2

AI-Powered Tutoring

Chat with an AI that understands your context and adapts to your learning style.

3

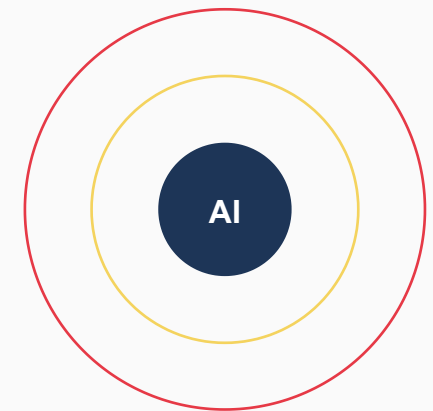

Visual Artifacts

Get diagrams, code examples, and visual aids generated in real-time.

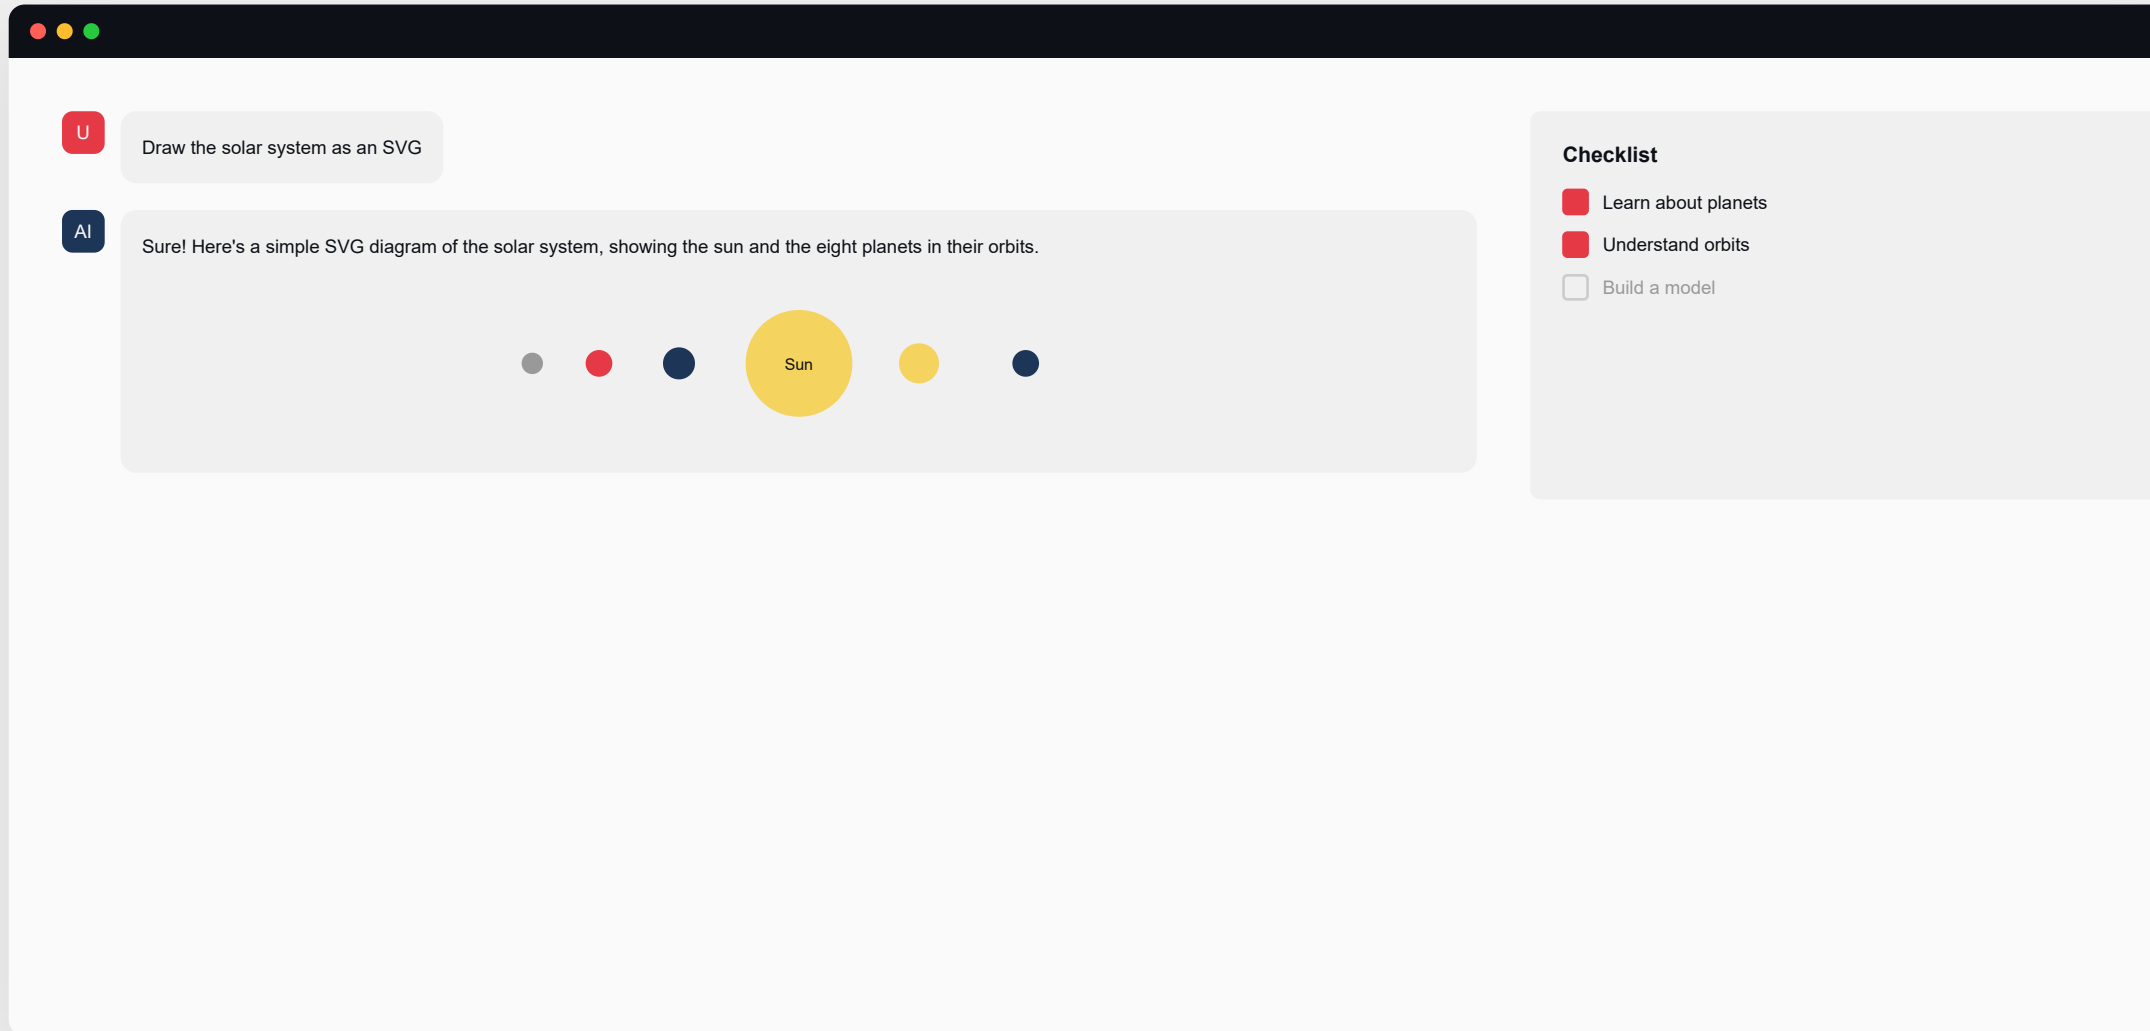

4

Progress Tracking

Dynamic checklists and milestone celebrations keep you motivated.

See it in action

Checklist

- ☒ Learn about planets
- ☒ Understand orbits
- ☐ Build a model

TECHNOLOGY

Built with modern tools

React 19

Modern UI with hooks and concurrent features

Tailwind CSS

Utility-first styling with custom design system

Framer Motion

Smooth animations and page transitions

OpenRouter AI

GPT-4o-mini for intelligent tutoring

Express.js

Fast REST API backend

PocketBase

Lightweight SQLite database

Vite

Lightning-fast development server

Bauhaus Design

Custom design system with 4 themes

UNITED NATIONS SDG

4

QUALITY EDUCATION

Aligned with Global Goals

LearnMosaic directly contributes to SDG 4 by providing personalized, AI-powered learning experiences that adapt to individual students. Our platform makes quality education accessible, engaging, and effective for learners of all ages and backgrounds.
